PICNIC FAQ'S

WHERE WE SET UP?

We have our preferred areas to set-up, and will always try and choose the most beautiful and less crowded area. Please note, in summer months public spaces are very busy! This rate is for a Cape Town beach or venue within 20 km's of the city. If you would like a location further out, the price will be adjusted accordingly.

WHAT IF IT RAINS? (OR, MORE LIKELY, IS WINDY, HELLO SOUTH EASTER!)

For public set-ups, we have a few options for wind-free beaches, but that dreaded south easter wind can find a way to the most sheltered spots - we will always try our best. If rain or strong wind is forecast for your picnic, you have up to 48 hours prior to the event date to decide if you want to make alternate arrangements at an indoor location or reschedule the picnic. On booking a Souk picnic we require a 50% non-refundable deposit, but should you need to reschedule your picnic you can do so to another date. We will not set-up if the weather is unfavourable as our stock can get damaged.

HOW LONG CAN I PICNIC FOR?

We are pretty flexible on duration, but typically a picnic setting can be enjoyed for 3 hours. Your end time needs to please be set in advance so that we can plan accordingly. For safety reasons, our team need to begin breakdown just after sunset. If our team arrive and you need more time, a wait time of R250 per hour will incur.

I HAVE A DREAM SETTING IN MIND?

We can create any setting for you that you may have in mind. This particular setting just seems to be our most popular so we use this as a base. If you love certain items from our catalog, we can incorporate any of them into the setting, and we can choose colours of items as needed. If you'd like a custom setting, just let us know via your inquiry, and we'll work together to bring your vision to life. The set-up and concierge costs will usually stay the same, unless you need a much bigger setting and we need more porters, the cost will need to be adjusted. We have a minimum spend of R5000 for the picnic concierge service.
